

## Welcome to Bio-Identical Hormone Replacement Program!

Our goals are to provide you with the best treatment options for hormone replacement and customer service to help you along your wellness path.

When questions arise regarding appointments or labs, our front office staff will be more than happy to assist you.

We have a bio-identical hormone team dedicated to assisting you. Our office team consists of **Carrie McEvoy**, Medical Assistant, and **Pat Wunsch**, Administrative Assistant. Any questions or concerns about labs, medications, email reminders, pellets, or insurance may be answered by this highly qualified team.

All of our providers were trained by Dr. Gino Tutera of *SottoPelle*, the founding father of hormone therapy using pellets, and we are dedicated to providing you with optimal hormone therapy.

**Dr. Rebecca de la Torre, MD** was the first *SottoPelle* trained physician in Colorado. She brings more than 26 years of experience in hormone replacement.

**Dr. Beverly Donnelley, MD** joined Allura in 2018 after over 30 years as an OB/GYN and pellet therapy provider. Her experience and expertise will greatly benefit our patients.
